

# NEXTCARE HOLDINGS

Headquartered in Mesa Arizona, NextCare Holdings is one of the nation's largest privately-owned providers of urgent care and occupational medicine services. NextCare Holdings operates over 100 clinics nationwide, and they represent 8 brands across 11 states: Access Medical Centers (OK), Central Texas Urgent Care (Waco TX), College Drive Urgent Care (WY), Emergent Care Plus (KS/MO), Impact Urgent Care (San Antonio TX), NextCare Urgent Care (AZ, CO, NC, NM, Austin & Houston TX), OhioHealth Urgent Care (OH) and PrimaCare Medical Centers (Dallas TX).

NextCare was founded in 1993, and offers an exceptional patient experience via a commitment to its customer service program, Full Circle Care. The company's unique differentiators include an option to wait at home or office for care (WAHOO), a 24 hour Customer Service Center, discount care programs for individuals, families and employers, and compassionate care delivered in a technologically sophisticated healthcare environment.

According to reports from the National Center for Healthcare Statistics, more than 80 percent of emergency room visits are for issues that could have been resolved in an urgent care environment, which is generally more convenient and affordable for patients. NextCare Holdings is poised to be a crucial access point for millions of Americans who would otherwise be unable to access affordable, high quality healthcare.

NextCare is a one-stop shop and covers all types of visits for patients of all ages – from ear infections to ankle sprains and flu shots. There's no waiting for appointments, and most clinics offer in-house labs and X-rays, which help patients to receive a prompt diagnosis and quality care. Many of the company's clinics also provide the administration of IV fluid rehydration, and other more specialized services such as concussion testing.

Most NextCare Holdings clinics are open 7 days a week with extended hours (several open until midnight!), so patients can seek assistance at times that their primary care physician might not be available. NextCare tailors their services to the needs of the individual communities they serve, from hosting free health and wellness clinics to providing medical support for large-scale community events.

Here is a list of some of the issues that NextCare Holdings and their family of brands are able to assist with:

Strains – Wound infection – Abscess incision & drainage – Fractures – Lacerations – Splints  
Removal of superficial foreign objects – Sprains – Stitches/Suturing/Stapling – Congestion  
Cough – Allergic reactions – Allergies – Asthma – Eye infection – Fever – Flu symptoms  
Gastrointestinal disorders – Insect bites – Itchy skin – Migraine – Nausea – Rashes – Runny nose  
Sinus infection – Skin allergy – Skin infections – Sore throat – STD treatment – Ear infection  
Stomachaches & stomach pains – Urinary tract infections – Athlete's foot/fungus infection  
Bronchitis – Burns from heat or chemical exposure – Diaper rash – Earache – X-rays – and more!
